

What's New?

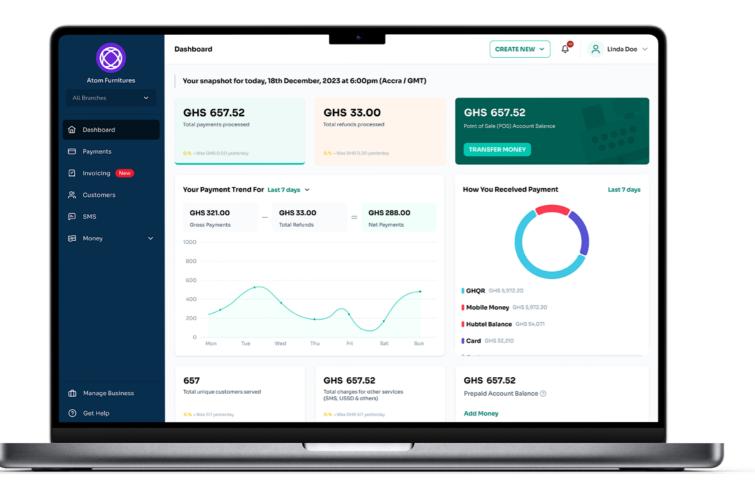

How you access your activities on Hubtel has been improved with a refreshed new look!

Learn more

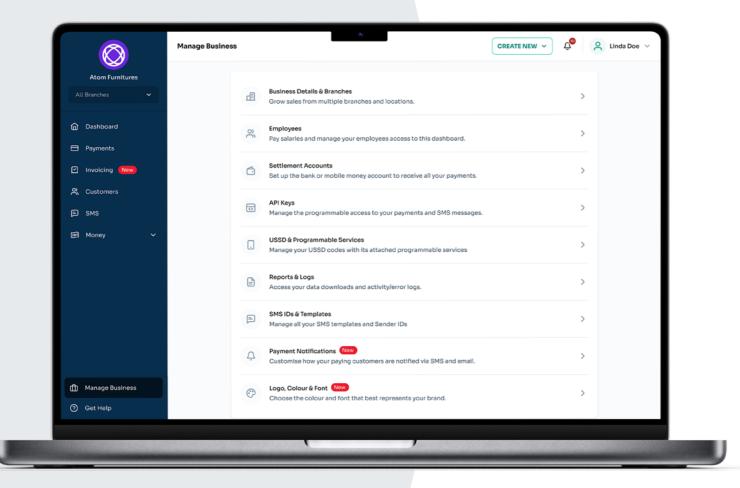

We've refreshed how you access your activities on Hubtel with an improved experience as part of our commitment and focus on serving you better.

These changes highlight key services you use for your daily activities, **Manage Business, SMS and Invoicing.**

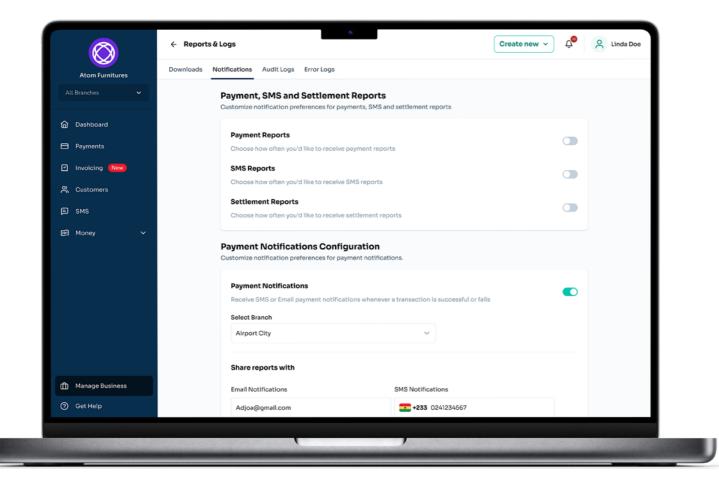

Here's what's changed

A simplified and easyto-use interface to manage your business

With the new "Manage Business" page, a single click gives you instant access to a variety of options to streamline and enhance your business management experience.

Here's what's new under Manage Business

Payment notifications & configuration

You can select which employees receive sale notifications by accessing "**Notifications**" in "**Reports & logs**".

In Manage Business, you can also customize Payment Notifications for customers, informing them of successful and failed payments.

Here's what's changed under SMS

SMS

All your messaging activities are now captured under SMS.

By selecting SMS, you can view your **Bulk**, **Scheduled**, **API** and **SMPP** messages.

Here's what's changed under Invoicing

Invoicing is now an easy-to-do

It's crafted to make collecting payments from your customers effortless. With the latest update, you can now handle three essential business tasks:

- Flexible Payment Options: Let your customers pay in instalments until the due date.
- Automated Reminders: Set up automatic email or SMS reminders before and after the invoice due date.
- Downloadable Payment Records: Easily access PDF statements of customer payments for sharing.
